

Monday 22nd May 2023

This week's homework is science and our current topic is 'materials'. We have been looking closely at different objects and the materials they are made from. Could you have a look around your house and draw some objects made from the materials below?

<p>Wood</p>	<p>Plastic</p>
<p>Glass</p>	<p>Metal</p>

Monday 22nd May 2023

This week's homework is science and our current topic is 'materials'. We have been looking closely at different objects and the materials they are made from. Could you have a look around your house and draw and label some objects made from the materials below?

<p>Wood</p>	<p>Plastic</p>
<p>Glass</p>	<p>Metal</p>

Monday 22nd May 2023

This week's homework is science and our current topic is 'materials'. We have been looking closely at different objects and the materials they are made from. Could you write a different material in each of the boxes and then have a look around your house to try and find some objects made from each of the materials you have chosen. Once you have found some, could you draw and write them in the correct box?

Monday 22nd May 2023

This week's homework is science and our current topic is 'materials'. We have been looking closely at different objects and the materials they are made from. Could you write a different material in each of the boxes and then have a look around your house to try and find some objects made from each of the materials you have chosen. Once you have found some, could you draw and write them in the correct box? If you find some objects that are made from more than one material, you can put them in more than one.
