

## Year 6 Investigations – Converting Units of Time

1. Counting from the start of the year 2019, at what time of what day of what year will it be:

2019 seconds later

2019 minutes later

2019 hours later

2019 days later

2019 weeks later

2019 months later

Ideas for concrete resources to provide:

- Calculators or other counting aides
- Scrap paper for calculations

Question prompts:

- How many seconds are in one minute?
- How many minutes/seconds are in one hour?
- How many hours/minutes/seconds are in one day?
- How many days/hours/minutes/seconds are in one week?
- How many weeks/days/hours/minutes/seconds are in one month?

## Investigation 1

Counting from the start of the year 2019, at what time of what day of what year will it be:

2019 seconds later

2019 minutes later

2019 hours later

2019 days later

2019 weeks later

2019 months later
