

Red Robins

5.5.26

This week's homework is science and our current topic is 'materials'. We have been looking closely at different objects and the materials they are made from. Could you have a look around your house and draw some objects in the boxes below?

Find something that crunches.

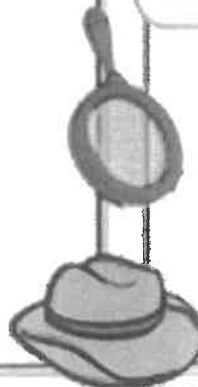

Find something that you can see through.

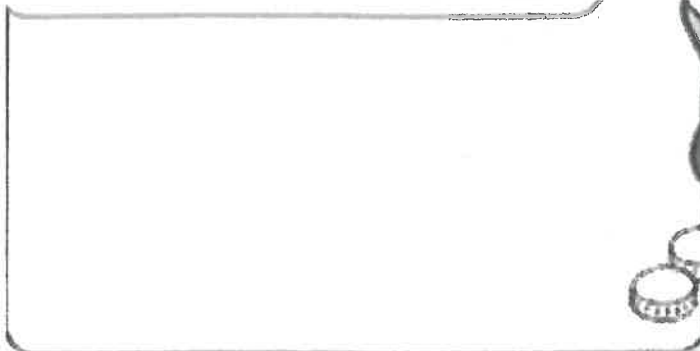

Find something that reflects.

Find a material that can change shape.

Find an item that is spongy.

Find a material that is hard.

Magenta Monkeys

5.5.26

This week's homework is science and our current topic is 'materials'. We have been looking closely at different objects and the materials they are made from. Could you have a look around your house and draw and label some objects made from the materials below?

Wood

Plastic

Glass

Metal

Turquoise Turtles

5.5.26

This week's homework is science and our current topic is 'materials'. We have been looking closely at different objects and the materials they are made from. Could you write a different material in each of the boxes and then have a look around your house to try and find some objects made from each of the materials you have chosen. Once you have found some, could you draw and write them in the correct box?

Purple penguins.

5.5.26

This week's homework is science and our current topic is 'materials'. We have been looking closely at different objects and the materials they are made from. Could you write a different material in each of the boxes and then have a look around your house to try and find some objects made from each of the materials you have chosen. Once you have found some, could you draw and write them in the correct box? If you find some objects that are made from more than one material, you can put them in more than one.
